IN RE: MIDWEST DATACOM, Inc.	DOCKET NO. TCU-04-6
-------------------------------------	---------------------

ORDER REQUESTING STATUS REPORT

(Issued August 24, 2004)

On April 27, 2004, the Utilities Board (Board) issued an order in Docket No. TCU-04-6 that approved the application for a certificate of public convenience and necessity filed by Midwest DataCom, Inc. (Midwest DataCom), on March 26, 2004.

The Board was alerted by staff that mail sent to Midwest DataCom was returned as undeliverable. Board staff has made several attempts to call Midwest DataCom using the number that Midwest DataCom included in its March 26, application; that number has been disconnected. Board staff has also made several attempts to contact the principals and consultant who were identified in Midwest DataCom's March 26 application; there have been no responses to those attempts.

In an attempt to resolve the inadequacies in Midwest DataCom's information on file with the Board, the Board will direct Midwest DataCom to provide a status report regarding its operations in Iowa as well as updated contact information pursuant to Board rule 199 IAC 22.23(3).

IT IS THEREFORE ORDERED:

Midwest DataCom, Inc., is directed to file with the Board a status report regarding its operations in Iowa as well as current contact information within 30 days of the issuance of this order.
